Admissions Policy

This policy is in accordance with the 1989 United Nations Convention on the Rights of the Child (UNCRC)

Article 15 - Every child has the right to meet with other children and to join groups and organisations, as long as this does not stop other people from enjoying their rights.

Article 18 - Both parents share responsibility for bringing up their child and should always consider what is best for the child. Governments must support parents by giving them the help they need, especially if the child's parents work.

Article 28 - Every child has the right to an education. Primary education must be free. Secondary education must be available to every child.
